CRIME PREVENTION Through Environmental Design

Cocooning Project

Crime Prevention Through Environmental Design (CPTED) is an approach used by local residents, city planners and law enforcement to reduce the incidence and fear of crime.

CPTED is the design and effective use of the built environment to reduce the opportunities of crime.

To request an appointment for a free safety audit of your property, please complete the form below and return to the City of Armadale, a representative from the City Community Development Team will contact you.
