

Urban Forest Strategy Summary

The City of Armadale's Urban Forest Strategy strengthens the diverse landscape character of the City encompassing appropriate landscape planning and showcasing the City's botanic heritage.

This summary highlights the relevance of the Urban Forest Strategy to landscaping in the City and how the community and developers can distinguish the City as a 'tree change' destination outside of Perth. The full strategy is available on the City of Armadale website.

The Urban Forest Strategy divides the City of Armadale into four precincts (Figure 1):

- The Swan Coastal Plain
- Armadale Strategic Metropolitan Centre
- Kelmscott Town Centre
- Hills

Each precinct has a preferred tree species list, summarised below, which strengthens the landscape character of the area. The full list, and other information, is found in the full Urban Forest Strategy.

Precinct Map

Urban Forest Strategy Summary (continued)

Swan Coastal Plain Precinct suggested tree species

Below is a list of suggested tree species to comprise the urban forest of the Swan Coastal Plain Precinct (page 99 Urban Forest Strategy).

Local
<i>Agonis flexuosa</i>
<i>Allocasuarina fraseriana</i>
<i>Banksia grandis</i>
<i>Corymbia calophylla</i>
<i>Eucalyptus gomphocephala</i>
<i>Eucalyptus lane-poolei</i>
<i>Eucalyptus marginata</i>
<i>Eucalyptus tottiana</i>
<i>Eucalyptus wandoo</i>
<i>Melaleuca preissiana</i>
<i>Melaleuca raphiophylla</i>
Introduced
<i>Brachychiton populneus</i>
<i>Callistemon viminalis</i>
<i>Corymbia ficifolia</i>
<i>Corymbia maculata</i>
<i>Cupressus sempervirens</i> 'glauca'
<i>Eucalyptus forrestiana</i>
<i>Eucalyptus leucoxylon</i>
<i>Eucalyptus torquata</i>
<i>Eucalyptus victrix</i>
<i>Jacaranda mimosaeifolia</i>
<i>Melaleuca leucadendra</i>
<i>Melaleuca quinquenervia</i>
<i>Pyrus calleryana</i> 'Capital'
<i>Quercus rubra</i>
<i>Sapium sebiferum</i>
Fire wise
<i>Alnus glutinosa</i>
<i>Betula pendula</i>
<i>Brachychiton acerifolius</i>
<i>Citrus sp</i>
<i>Citrus limon</i> 'Meyer'

<i>Eucalyptus drummondii</i>
<i>Eucalyptus foecunda</i>
<i>Ficus benjamina</i> 'Midnight Beauty'
<i>Fraxinus griffithii</i>
<i>Fraxinus</i> 'Raywoodii'
<i>Hibiscus tiliaceus</i>
<i>Hymenosporum flavum</i>
<i>Jacaranda mimosaeifolia</i>
<i>Lagerstoemeia indica</i> x <i>L. fauriei</i>
<i>Laurus nobilis</i>
<i>Liquidambar styraciflua</i>
<i>Lophostomen confertus</i>
<i>Metrosideros excelsa</i>
<i>Olea europaea</i>
<i>Plantanus acerifolia</i>
<i>Prunus x blireana</i>
<i>Prunus cerasifera</i> 'Nigra'
<i>Pyrus</i> 'Bradford Pear'
<i>Sapium sebiferum</i>
<i>Syzgium smithii</i>
<i>Ulmus parvifolium</i>

Armadale Strategic Metropolitan Centre Precinct suggested tree species

Below is a list of suggested tree species to comprise the urban forest of the Armadale Strategic Metropolitan Centre precinct (page 109 Urban Forest Strategy).

Local
<i>Agonis flexuosa</i>
<i>Allocasuarina fraseriana</i>
<i>Allocasuarina huegeliana</i>
<i>Corymbia calophylla</i>
<i>Corymbia haematoxylon</i>
<i>Eucalyptus accedens</i>
<i>Eucalyptus laeliae</i>
<i>Eucalyptus lane-poolei</i>
<i>Eucalyptus marginata</i>
<i>Eucalyptus patens</i>
<i>Melaleuca preissiana</i>

Urban Forest Strategy Summary (continued)

Introduced
<i>Brachychiton populneus</i>
<i>Callistemon viminalis</i>
<i>Corymbia ficifolia</i>
<i>Corymbia maculata</i>
<i>Cupressus sempervirens</i> 'glaucua'
<i>Eucalyptus forrestiana</i>
<i>Eucalyptus leucoxylon</i>
<i>Eucalyptus marginata</i>
<i>Eucalyptus sideroxylon rosea</i>
<i>Eucalyptus torquata</i>
<i>Jacaranda mimosaeifolia</i>
<i>Liquidambar styraciflua</i>
<i>Melaleuca leucadendra</i>
<i>Melaleuca quinquenervia</i>
<i>Pyrus calleryana</i> 'Capital'
<i>Quercus rubra</i>
<i>Sapium sebiferum</i>
<i>Tipuana tipu</i>
<i>Ulmus parvifolium</i>
Firewise
<i>Betula pendula</i>
<i>Brachychiton acerifolius</i>
<i>Citrus</i> sp
<i>Citrus limon</i> 'Meyer'
<i>Alnus glutinosa</i>
<i>Eucalyptus argutifolia</i>
<i>Eucalyptus petrensis</i>
<i>Fraxinus griffithii</i>
<i>Fraxinus</i> 'Raywoodii'
<i>Hibiscus tiliaceus</i>
<i>Lagerstoemeia indica</i> x <i>L. fauriei</i>
<i>Laurus nobilis</i>
<i>Liquidambar styraciflua</i>
<i>Lophostomen confertus</i>
<i>Michelia figo</i> x <i>Michelia doltsopa</i>
<i>Morus alba</i> 'Pendula'
<i>Prunus</i> x <i>blireana</i>

Prunus cerasifera 'Nigra'

Pyrus 'Bradford Pear'

Kelmscott Town Centre Precinct suggested tree species

Below is a list of suggested tree species to comprise the urban forest of the Kelmscott Precinct (page119 Urban Forest Strategy).

Local
<i>Agonis flexuosa</i>
<i>Allocasuarina huegeliana</i>
<i>Corymbia calophylla</i>
<i>Corymbia haematoxylon</i>
<i>Eucalyptus accedens</i>
<i>Eucalyptus laeliae</i>
<i>Eucalyptus lane-poolei</i>
<i>Eucalyptus patens</i>
<i>Melaleuca preissiana</i>
Introduced
<i>Brachychiton populneus</i>
<i>Corymbia ficifolia</i>
<i>Corymbia maculata</i>
<i>Cupressus sempervirens</i> 'glaucua'
<i>Eucalyptus forrestiana</i>
<i>Eucalyptus marginata</i>
<i>Eucalyptus torquata</i>
<i>Liquidambar styraciflua</i>
<i>Melaleuca leucadendra</i>
<i>Melaleuca quinquenervia</i>
<i>Pyrus calleryana</i> 'Capital'
<i>Quercus rubra</i>
<i>Sapium sebiferum</i>
<i>Ulmus parvifolium</i>
Firewise
<i>Alnus glutinosa</i>
<i>Betula pendula</i>
<i>Brachychiton acerifolius</i>
<i>Citrus</i> sp

Urban Forest Strategy Summary (continued)

<i>Citrus limon</i> 'Meyer'
<i>Eucalyptus argutifolia</i>
<i>Eucalyptus petrensis</i>
<i>Ficus benjamina</i> 'Midnight Beauty'
<i>Fraxinus</i> 'Raywoodii'
<i>Lagerstoemeia indica</i> x <i>L. fauriei</i>
<i>Laurus nobilis</i>
<i>Lophostomen confertus</i>
<i>Michelia figo</i> x <i>Michelia doltsopa</i>
<i>Morus alba</i> 'Pendula'
<i>Plantanus acerifolia</i>
<i>Populus x canadensis</i>
<i>Prunus x blireana</i>
<i>Prunus cerasifera</i> 'Nigra'
<i>Pyrus</i> 'Bradford Pear'

<i>Eucalyptus caesia</i>
<i>Eucalyptus foecunda</i>
<i>Eucalyptus petrensis</i>
<i>Ficus benjamina</i> 'Midnight Beauty'
<i>Fraxinus griffithii</i>
<i>Fraxinus</i> 'Raywoodii'
<i>Lagerstoemeia indica</i> x <i>L. fauriei</i>
<i>Laurus nobilis</i>
<i>Lophostomen confertus</i>
<i>Michelia figo</i> x <i>Michelia doltsopa</i>
<i>Morus alba</i> 'Pendula'
<i>Plantanus acerifolia</i>
<i>Populus x canadensis</i>
<i>Prunus x blireana</i>
<i>Prunus cerasifera</i> 'Nigra'
<i>Pyrus</i> 'Bradford Pear'
<i>Brachychiton populneus</i>
<i>Callistemon viminalis</i>
<i>Corymbia maculata</i>
<i>Cupressus sempervirens</i> 'glauca'
<i>Eucalyptus forrestiana</i>
<i>Eucalyptus torquata</i>
<i>Jacaranda mimosaeifolia</i>
<i>Liquidambar styraciflua</i>
<i>Melaleuca leucadendra</i>
<i>Melaleuca quinquenervia</i>
<i>Pyrus calleryana</i> 'Capital'
<i>Quercus rubra</i>
<i>Sapium sebiferum</i>
<i>Ulmus parvifolium</i>
<i>Firewise</i>
<i>Allocasuarina huegeliana</i>
<i>Alnus glutinosa</i>
<i>Betula pendula</i>
<i>Brachychiton acerifolius</i>
<i>Citrus sp</i>
<i>Citrus limon</i> 'Meyer'
<i>Eucalyptus argutifolia</i>

The Hills Precinct suggested plant species

Below is a list of suggested tree species to comprise the urban forest of The Hills precinct (page 131 Urban Forest Strategy).

Local
<i>Melaleuca preissiana</i>
<i>Corymbia calophylla</i>
<i>Corymbia haematoxylon</i>
<i>Eucalyptus accedens</i>
<i>Eucalyptus caesia</i>
<i>Eucalyptus foecunda</i>
<i>Eucalyptus laeliae</i>
<i>Eucalyptus lane-poolei</i>
<i>Eucalyptus patens</i>
<i>Eucalyptus wandoo</i>
Introduced
<i>Betula pendula</i>
<i>Brachychiton acerifolius</i>
<i>Citrus sp</i>
<i>Citrus limon</i> 'Meyer'
<i>Eucalyptus argutifolia</i>

Urban Forest Strategy Summary (continued)

<i>Eucalyptus caesia</i>
<i>Eucalyptus foecunda</i>
<i>Eucalyptus petrensis</i>
<i>Ficus benjamina</i> 'Midnight Beauty'
<i>Fraxinus griffithii</i>
<i>Fraxinus</i> 'Raywoodii'
<i>Lagerstoemeia indica</i> x <i>L. fauriei</i>
<i>Laurus nobilis</i>
<i>Lophostomen confertus</i>
<i>Melaleuca preissiana</i>
<i>Michelia figo</i> x <i>Michelia doltsopa</i>
<i>Morus alba</i> 'Pendula'
<i>Plantanus acerifolia</i>
<i>Populus</i> x <i>canadensis</i>
<i>Prunus</i> x <i>blireana</i>
<i>Prunus cerasifera</i> 'Nigra'
<i>Pyrus</i> 'Bradford Pear'

Further information on these tree species can be found in the Urban Forest Strategy.
