Putting your bins out for collection

Place bins out by 6am on your collection day

Maximum weight of each bin is 70kg

Do not park in front of bins and keep laneways clear

Keep at least
1m clear
from trees and not
under tree canopy

Keep at least
0.5m clear
between bins

Keep at least
1m clear of cars,
mailboxes
and fences etc.

My bins are green can I still use them?

The City is phasing in black bins when old bins need replacing. These new bins contain up to 30% recycled plastic recovered from recycling old bins.

Keep using me until I am worn out!

Damaged, lost or stolen bin?

Contact the City's Waste Services Team on **9394 5124**.

Recycling calendar

What happens to my waste after the general waste bin is collected?

Residual waste from residents now goes to the Kwinana Energy Recovery plant, Australia's first of its kind. Instead of landfill, this waste is used to generate enough electricity for 55,000 homes in the region. Reducing landfill lowers greenhouse gas emissions, and by-products from the process are used in materials like road sub-base and building blocks.
